## About RKS Business Services

RKS was established in 1992 to assist businesses and practices with their specialized computer software needs. Our emphasis is on service to our clients.

### **Sales and Installation**

- We are a **certified reseller** for each of the products listed to the left. We continually attend training seminars to keep up with current versions.
- RKS sells **new** programs or **upgrades** for your current software. Any manufacturer's sale prices are passed on to you.
- We can supply **POS hardware** – scanners, touch screen monitors, credit card software & scanners, cash drawers & more.
- We also can supply **imprinted checks**, invoices and other forms.

### **Training and Support**

- **Technical support** is available for the software listed to the left.
- Support for software is available by phone or on-site.
- Our policy is to charge for the actual time spent in providing telephone or on-site consulting services, payable upon completion. If you only need a half hour of support, we will charge for only a half hour.
- We also can help companies still using **older versions** of the programs.
- MasterCard, Visa and Discover credit cards are accepted.
- We work with you at **your level** of computer expertise.

### **Experience**

- RKS works with a network of nationwide consultants to help resolve problems and create solutions for your specialized needs.
- 25 years as Controller in small businesses and converting manual systems to computerized accounting systems.
